Electronic File Submission Guidelines

Suggested Design Software
Adobe Illustrator, Adobe Photoshop, and Adobe InDesign
(Adobe Creative Cloud)

Acceptable File Formats
AI, PDF, EPS, PSD, INDD
High Resolution PDF Preferred

Winston Packaging requires a hard proof or
viewing resolution PDF of the finished artwork
with each file submission.

Suggested Artwork Checklist

The artwork file has been created
using the structure file provided by Winston Packaging.

The artwork file and ALL support art (rasterized images)
should be built using CMYK, Grayscale and/or
PANTONE spot colors, ***not RGB.***

ALL used images should be embedded and/or provided
and should be at a minimum of 300 dpi.
Embedded images are preferred.

ALL used fonts should be converted to outlines
and/or provided. ***Outline fonts are preferred.***

A minimum of .125" bleed has been added
to extend past the structure's specified trim.

***To submit artwork files please contact your Account Manager
to receive secure access to our Cloud Drive.***
